The elaboration of the new cultural policy for the MRC des Collines will involve a participatory process that will gather the ideas and comments of individuals who care about the evolution of arts and culture in the six municipalities of the MRC des Collines: Cantley, Chelsea, L'Ange-Gardien, La Pêche, Pontiac and Val-des-Monts.

You are invited to contribute to this process during one of the following public consultations:

In addition to the public consultations, [we also invite you to complete a short survey](#). You can complete the survey at any time until June 3rd.

The consultations and survey are open to everyone. The more ideas, opinions, and thoughts we can gather, the better the policy and its actions will be!

« Our government is proud to provide financial support for this initiative, which will further integrate culture into the community.
