

November 6th, 2025

Madam, Sir,

As the municipal service responsible for property assessments, we must inspect all the buildings in the municipality of Cantley. However, it is now possible for the homeowners to complete a self-inspection form of their property. Here is the information to access it online with your computer, tablet or smart phone. Please note that pictures are required, if it is impossible for you to take pictures or to complete the online form, an inspector will visit your property during the schedule tour of your area. This visit may take place at any time during 2026 depending on the progress of your inspections.

Your **access code** and your **roll number**

Please use the following link to access the self-inspection form in English: <https://epropriete.com/en/>

The screenshot shows the 'ÉVALUATION ePropriété' logo at the top. Below it, a text prompt says 'Please type in your access code and roll number to gain access to the form.' There are two input fields: 'Access code' and 'Roll number (example: 9999-99-9999)'. At the bottom is an orange 'Open' button.

The information requested in this form is required in accordance with Article 18 and 36.1 of the Act Respecting Municipal Taxation. The self-inspection process does not exclude the possibility of a visit by one of our inspectors for verification purposes. If you do not have access to the Internet or if the online form is not submitted by **January 31st, 2026**, an inspection of your property will be scheduled during our tour in your area.

Thank you for your collaboration,

Elizabeth Sarazin - Inspection team supervisor
Municipal Services Management
